STATE AID DECLARATION

You are being offered assistance under the European Commission's *de minimis* regulation (Commission Regulation (EC) No 1998/2006 of 15 December 2006 on the application of Articles 87 and 88 of the Treaty to *de minimis* aid, Official Journal L 379 of 28.12.2006). This allows an enterprise to receive up to €200,000 worth of assistance over any three fiscal year period. The estimated amount of *de minimis* aid that your company will receive through the Building Legacies project is £656.45 (€749.29) for 12 hours of support. You will receive a state aid certificate at the end of your involvement with the Building Legacies project confirming how much *de minimis* aid you received.

To confirm that you are able to receive this assistance you must declare the full amount of *de minimis* aid (in pounds and euros) you have already received over the past two fiscal years and the current. You must also declare the amount of aid received under the new '*Small amounts of compatible aid*' scheme (N43/2009) – see below for further information. The maximum combined aid that can be granted to any enterprise under *de minimis* and the *Small amounts of compatible aid* scheme is €500,000.

Potentially any assistance you may have received from a public body might be *de minimis* aid. This could be from central, regional, devolved governments or agencies or a local council. However, in this declaration you must only include aid that was strictly classified as *de minimis* (or was specifically granted under the *Small amounts of compatible aid* scheme). Below is a list of possible forms of aid that might be given as *de minimis*.

I declare that the amount of De Minimis aid received by the company over the last three years is:

2015	2016	2017	2018	2019	TOTAL

DECLARATION

The following are examples of possible forms of aid (this is not a comprehensive list). It should give you an indication of common forms of aid which you may have been given over the past three fiscal years. If you are not sure whether or not any public assistance you have received is classified as *de minimis* aid please contact the body which granted the assistance to get clarification.

- Grant from public bodies
- interest rate relief;
- tax relief;
- tax credits;
- State guarantees or holdings;
- State provision of goods or services on preferential terms;
- direct subsidies;
- tax exemptions;
- preferential interest rates;
- guarantees of loans on especially favourable terms;
- acquisition of land or buildings either gratuitously or on favourable terms;

- indemnities against operating losses;
- reimbursement of costs in the event of success;
- State guarantees, whether direct or indirect, to credit operations preferential re-discount rates;

- reduction of, or exemption from, charges or taxes, including accelerated depreciation and the reduction of social contributions;

Less obvious examples where State aid might arise include:

Undertaking in Difficulty

I confirm that my business is not an 'undertaking in difficulty', as defined under Union State aid rules:

'Undertaking in Difficulty' means an undertaking in respect of which at least one of the following circumstances occurs:

(a) In the case of a limited liability company (other than an SME that has been in existence for less than three years or, for the purposes of eligibility for risk finance aid, an SME within 7 years from its first commercial sale that qualifies for risk finance investments following due diligence by the selected financial intermediary), where more than half of its subscribed share capital has disappeared as a result of accumulated losses. This is the case when deduction of accumulated losses from reserves (and all other elements generally considered as part of the own funds of the company) leads to a negative cumulative amount that exceeds half of the subscribed share capital. For the purposes of this provision, 'limited liability company' refers in particular to the types of company mentioned in Annex I of Directive 2013/34/EU (1) and 'share capital' includes, where relevant, any share premium.

(b) In the case of a company where at least some members have unlimited liability for the debt of the company (other than an SME that has been in existence for less than three years or, for the purposes of eligibility for risk finance aid, an SME within 7 years from its first commercial sale that qualifies for risk finance investments following due diligence by the selected financial intermediary), where more than half of its capital as shown in the company accounts has disappeared as a result of accumulated losses. For the purposes of this provision, 'a company where at least some members have unlimited liability for the debt of the company' refers in particular to the types of company mentioned in Annex II of Directive 2013/34/EU.

(c) Where the undertaking is subject to collective insolvency proceedings or fulfils the criteria under its domestic law for being placed in collective insolvency proceedings at the request of its creditors.

(d) Where the undertaking has received rescue aid and has not yet reimbursed the loan or terminated the guarantee, or has received restructuring aid and is still subject to a restructuring plan.
